Plastic Pipes 2017 Papers Presented

About SPE

We, SOCIETY OF PLASTICS ENGINEERS INDIA, (SPE India), are pleased to announce Plastic Pipes 2019 Conference in November, 2019 at Hotel Leela, Mumbai.

Society of Plastic Engineers is a global leader in arranging Seminars and Technical Conferences and has always been successfully managing Seminars and Technical Conferences and have always managed to create a platform for Techno-Commercial discussions within the Plastics Industry. Being a recognized body, there is no doubt that participants will go back with a lot of information and knowledge after the event.

Plastics Pipes 2019 conference offers a unique networking opportunity for delegates from the entire industry, including Resin Manufacturers, Pipes & Fittings Manufacturers, Additive Producers, Machinery Manufacturers, Testing & Certification Bodies, Infrastructure Projects Management & Consultants, Pipe Processors Association and Institutions, End Users and Government Agencies, etc.

Theme of the Conference

The Plastic Pipes 2019 provides a comprehensive overview of the latest material, technology, business trends & applications and will bring all the stakeholders from machinery, ancillary, additives manufacturers, project management consultants and end users together to identify challenges and opportunities in the plastic pipe industry.

- Innovation & Trends in Underground Drainage
- India's first full city 24/7 water supply project to use trench less installation with PE100 pipes
- Application of Large Dia Pipes
- Polymer Piping in Gas Distribution
- Microducts and Telecom Revolution
- PE Piping Desalination Projects in India
- Corrugated Pipe: A Niche Product for wide range of applications
- Oriented PVC Pipe Technology
- Total Automation Producing Plastic Pipes
- PVC Heat Stabilizers: The Economic and Technical Importance
- Role of Impact Modifier in Pipe Formulation
- Importance of Welding Standards & Best Practises in HDPE Pipe Welding
- Innovation in Plastic Pipes
- Your know-how Partner for manufacturing DWC pipe
- Plastic Pipe Downstream and the Future
- Polyethylene pipes for Gas distribution, current status and outlook
- HDPE Effluent Water pipeline Off-shore Project
- Foam Core PVC Pipes
- PVC 4 Pipes
- Indian Plastic Pipe Industry - Road Map to Growth
- Quality Joints for a Leak Free System
- The evolution of elastomeric seals in PVC pipes
- NSF/ANSI Standard 14-50 years of service to Plastic Pipe Industry
- Smart Cities, Concept and Evolution
- Misconceptions in the design of PE and other plastic pipes
- Urban utility rehabilitation renewal and role of plastic piping systems
